Involving Our Customers: Opportunities

Creating quality choices for communities

friendly

forward

Opportunities

HHL has a strong history of involving customers in the work the organisation carries out. As a Social Landlord we know it's important we don't make decisions that affect our residents without consulting them first. Getting involved could mean as little as having your say by completing a survey or attending a community day or as much as becoming one of our Board Members or one of our colleagues.

We have different schemes available for customers who are interested to pick and choose the level of commitment they would like. We will support you throughout and listen to what you have to say, your views are important and we are committed to engaging with customers to improve the services HHL offers.

We only ask two things of customers who would like to participate; an open mind and a positive attitude. If you've got these then we'd love to hear from you.

Local Offers

Local Offers target specific hard to reach customer groups such as Carers, LGBT residents, young people and families. This ensures HHL has an on-going dialogue with those customers who have specific needs. It ensures they are consulted with about what's important to them and their diversity is taken account of.

This year we are working with Herefordshire Carers Support to adopt the Carers Charter and we are working with Young People to develop services around their needs. If you're interested in either of these projects please let us know.

- Family Offer
- Gypsy and Traveller Offer
- Lesbian, Gay, Bisexual and Transgender Offer
- Carers Offer
- Young Peoples Offer
- Migrant Residents Offer

Community Involvement

HHL are proud of the communities we work with and seek to support community needs as much as we can. We have several different projects we are currently working on to ensure we make a positive contribution to the areas we work in. We also recognise that getting together is really important, whether residents get together because of a common interest or because they live in the same area we know that life is better and easier if you

We have a £25,000 Community Fund available for local groups to apply to. Decisions are made by the Grant Assessment Panel, a group of tenants who are trained in the process and meet monthly to deliberate. We are also working on a Value for Money initiative to encourage colleagues to make savings to pay for community gym outside gym equipment at Tudorville and Moor Farm.

Our popular Family Play schemes attract over 200 residents each year to come on trips and join in activities to keep us all entertained throughout the long holidays. If you're a grand parent helping out with child care or mums and dads looking for something else to do then come along. The play scheme is free and open to all HHL families.

Places do get filled so book early to reserve your place. (The booking form is always sent out with the Spring Newsletter)

We also ensure our older residents have plenty of opportunities to have fun and keep out of trouble. Our Hale and Hearty group are a good example of the fun residents have when they get together, trio

- Community Grant Fund
- Family Activities
- Youth Activities
- Older Persons Activities/Happy Circle
- Residents Groups
- VFM Gyms
- Community Led Consultation
- Improvement Programme Led Consultations
- Leaseholders

Scrutiny and Challenge

We take scrutiny seriously at HHL and are always looking for enthusiastic residents from all backgrounds to scrutinise business decisions, governance and constitutional decision making.

The Customer Challenge Group is a new customer group which ensures that we get the most from our money and provide the service residents need. We're looking for customers who can commit to a minimum of two years involvement in helping us shape the services we offer, identify neighbourhood priorities and deliver value for money.

There are real benefits to being a part of our Customer Challenge Group. You will have access to excellent training in areas including: communicating, interviewing, persuading and influencing people, negotiating skills and assertiveness. We'll be team building and looking at Housing in a wider context as well as learning about the current challenges facing tenants, the national context and why that's important to tenants locally.

It's never too late to learn new skills, which could help in everyday life or for future employment opportunities. It also provides great networking opportunities.

You will need to be a team player and be willing to put in work to help improve services for residents and the people who provide the services.

Resident Inspectors are a team that work with our Property and Assets team to ensure work in our customers' homes are carried out to a high standard. They are part of our tendering process and help us measure satisfaction as well as carrying out practical inspections and reporting to our Business Units.

Whatever group you choose training will be offered in all aspects of the work you will undertake, so you don't need to worry if you don't have many of the skills at the moment - willingness and an ability to learn is more important. As part of the team everyone will have different skills. The skills that you have may be the crucial ones needed for the team to be effective.

If you are passionate about your community and about supporting people then this is a great way to have a real influence in how homes and communities are managed in Herefordshire. It may be true that no one person can solve all the world's problems, but what you can do is make that little corner of the world where you live just that little bit better.

- Customer Challenge Group
- Resident Inspectors
- Refurbishment/Improvement Works
