

Tenants Leading Change

Can we help you with a lively, thought provoking, inspiring, challenging, stimulating, interactive discussion about the benefits of tenant involvement?

Based on the Tenants Leading Change programme and the **An Investment not a Cost** report, we recently facilitated a lively discussion with residents of Paragon Community Housing Group:

"The session was great. The audience were positively challenged and brought out of their comfort zones. Participants fed back that the session was thought provoking and they were able to see other perspectives."

Simon Martin – Resident Involvement Manager

The National Tenant Organisations would be happy to present the findings of the TLC programme and facilitate a discussion session your residents and/or staff.

Please get in touch with Nic Bliss on nic@cch.coop or 07947 019287 for further details
